Adroit Infotech Limited is a Specialist SAP Consulting Company, with close to two decades of experience in helping organizations significantly reduce costs and improve effectiveness and efficiency through internal process improvements using SAP products and solutions.

We have consciously focused on the Large Enterprise & Mid-Market - as our area of expertise for development. As a result, we can partner with customers right from first consultation, process analysis, and implementation - to rollouts, ongoing support, maintenance, and upgrades. Our consultants have experiences from domestic as well as international projects.

Ensuring the value of your SAP investment takes more than software. It takes Adroit Consulting and the expertise and skill we've gained over the years. With a formidable team, deep domain and technical expertise, and innovative engagement models, Adroit Infotech can provide the depth and breadth of coverage that your business demands. As a result, Adroit is a valued member of the SAP ecosystem

Verso Altima India Private Limited (Wholly Owned Subsidiary of Adroit Infotech Limited) is an innovative IT Services and Solutions Provider helping clients across the globe achieve consistent results. Collaboration is a word that precisely define us and are making world as a small platform on BRIM Delivery, with headquarters in India, and Collaborative centres in UK, OMAN, Spain, Thailand and USA, our team of over 150 plus professionals operates across 20 countries and 4 continents. It's our workforce of PMI Certified Project Managers, Agile Scrum Masters, Enterprise and Solutions Architects, Business System Analysts, and Data Scientists, that is instrumental in keeping us on the forefront of delivering solutions in latest technology trends including, but not limited to, Analytics, IoT, AI, 5G, Cloud, DX, QA Automation, UI/UX, and DevOps.

The specialized BRIM market is experiencing fast growth along with a scarcity of specialized technical resources. BRIM expertise applies to any area where billing must be fast, in real-time, and accurate. It is also essential for solutions to be provided in a subscription or consumption-based model, such as the large Telecom providers like Verizon.
